NOTE FOR:

FROM: DCI

STAT

When we talked to in London, he talked about a counterintelligence meeting next April. It turns out the date is 3 May in London. Put it on the long-range schedule. I may or may not go when it comes down to it but we ought to set the time aside in case.

Hold on--it now looks like it is in Portsmouth, England, on the 4th and 5th of May.
